STOP HEALTH CANADA FROM TAKING AWAY NATURAL HEALTH PRODUCTS!

Health Canada is strangling Natural Health Products in red tape which will lead to significantly increased costs and significantly few products available for Canadians.

This is not the time to **increase costs & reduce choice**

An Economic Impact Study found:

76%

of brands say there is a high/very high chance they will need to pull product from the market as a result of these regulations.

1 in 5

companies say they are considering leaving the Canadian market. New products and international brands will likely not come to Canada because the regulatory burden will be too severe.

66%

of companies said it would have a negative impact on employment.
